Title: Regarding proposal to set up a National Educational Fund and levying of educational cess on multinational companies and Corporate houses to impart primary education to all children.

DR. V. SAROJA (RASIPURAM): Hon. Deputy-Speaker, Sir, I draw the attention of this august House to an important matter. The primary education is the fundamental right of the children of this country. I would like to know whether the Government proposes to set up a National Educational Fund to impart quality in the primary education. This is my first point. Secondly, I would like to know whether the Government proposes to move in the direction of levying educational cess on multi-national companies and corporate houses.
